

Vehicle Type

Body style: Five-passenger SUV
 Drivetrain: Electric propulsion, two-wheel drive and four-wheel drive
 Category: Range-extended Electric Vehicle

.....

Electric-drive System

Power: 200 kW (268 hp)
 Torque: 400 N·m (295 lbs.-ft.)
 Energy Recovery: Regenerative braking

.....

Battery System

Type: Lithium-ion
 Energy: 27 kWh
 Peak power: 200 kW
 Voltage: 370 to 410
 Charging: Onboard charger - dual voltage
 110/120-volt outlet (15A) – standard household power outlet
 220/240-volt outlet: (30A) - household appliance power outlet

.....

Performance

0-60 mph: 9.0 seconds
 ¼-mile Acceleration: 16.5 seconds
 Top speed: More than 90 mph
 Range (city): 400 miles, with more than 40 miles all-electric

All vehicle specifications are preliminary.
